PROFESSIONAL SUMMARY

B.Tech Information Technology graduate (2025, CGPA 8.00) with hands-on, project-based experience across the Java stack — Spring Boot, JDBC, JSP/Servlets, MySQL — and front-end development using HTML, CSS, JavaScript, and Bootstrap. Built 4 full-stack applications through structured training, covering authentication, CRUD operations, and database-driven workflows. Looking to start my career as a Java Developer and grow into a full-stack role.

TECHNICAL SKILLS

Languages: Java, HTML5, CSS3, JavaScript, SQL

Frameworks / Libraries: Spring Boot, JDBC, JSP, Servlets, Bootstrap

Database: MySQL

Tools & Practices: Eclipse, IntelliJ IDEA, VS Code, Git, GitHub, Swagger, SQL Workbench

PROJECTS

Bus Booking Management System (*Java, JDBC, MySQL*) — TNS India Foundation

- Developed a simple Java mini-application to book bus seats, connected to a MySQL database using JDBC
- Implemented logic to check seat availability before confirming a booking, preventing duplicate seat assignment
- Performed CRUD operations (add, view, update, delete bookings) with basic SQL queries

GitHub: https://github.com/durga2523/Bus-Booking-Management-System_miniproject

Reselling Book Management System (*Java, JSP/Servlets, MySQL, HTML, CSS, Bootstrap*) — Softlogic Institute

- Built a full-stack book reselling web app with user login/signup, book listings, and order management
- Implemented server-side logic using JSP and Servlets to handle requests between frontend and database
- Integrated MySQL for persistent storage of users, listings, and orders
- Designed a responsive UI using HTML, CSS, and Bootstrap for a smooth browsing and ordering experience.

GitHub: <https://github.com/durga2523/Reselling-Booking-Management-System>

User Authentication & Authorization System (*Spring Boot, MySQL, HTML, CSS, JS, Bootstrap*) — Softlogic Institute

- Built a standalone user registration and login system using Spring Boot with backend field validation
- Connected frontend forms to backend endpoints for a complete registration-to-login flow
- Currently stores credentials as plain text (learning project); next planned step is password hashing (e.g., BCrypt) for production-readiness.

GitHub: <https://github.com/durga2523/springboot-registration-demo-intellij>

Villa Booking & Portfolio Website (*HTML5, CSS, JavaScript, Bootstrap*) — Softlogic Institute

- Designed a responsive, mobile-friendly static website for villa booking display and a personal portfolio
- Built interactive UI components (navigation, layout sections) using JavaScript and Bootstrap
- Focused on cross-device responsiveness and clean UI/UX layout — frontend only, no backend integration.

CERTIFICATIONS

- Java Full Stack Development — Softlogic Academy (SLA), Chennai [August/2025]
- Core Java, Spring Boot & MySQL — TNS India Foundation, Chennai [January/2025]
- Core Java — Smart Skill Institute, Chennai [April/2024r]

EDUCATION

B.Tech, Information Technology — Mohamed Sathak A.J. College of Engineering, Siruseri, Chennai | 2021 – 2025 |

CGPA: 8.00

HSC (Bio-Mathematics) — Oxford Matric Hr. Sec. School, Kallakurichi, Tamil Nadu | 2020 – 2021 | 89%

SSLC — Oxford Matric Hr. Sec. School, Kallakurichi, Tamil Nadu | 2018 – 2019 | 89%

ACHIEVEMENTS & LEADERSHIP

- Best Student Award — 2023
- Department Secretary — Led technical and student initiatives
- Event Coordinator — Organized symposiums and cultural programs

SOFT SKILLS & LANGUAGES

Soft Skills: Time Management, Team Collaboration, Adaptability, Problem-Solving, Communication, Continuous Learning

Languages: Tamil, English
